Re: **Amending** Executive Level Grievance – Surplus Notification - Violation of MOA

Dear Jim,

This is an amendment to the Executive Level Grievance filed on November 18, 2009, related to Verizon's Article 35 Notification dated October 27, 2009 for the Regional Operations EISP/Surplus under M. J. Johnston. The continued contracting out of the bargaining unit work performed in our EVRC's while declaring a surplus in the title of Maintenance Administrator violates the Memorandum of Agreement (Attachment 11) of the General Agreement. Verizon is also in violation of the Letter of Understanding regarding Contract Labor and Article 1, Recognition of the General Agreement.

CWA grieves on behalf of all affected bargaining unit employees within the jurisdiction of District 2.

CWA demands an immediate cease and desist to the contracting of bargaining unit work historically performed by CWA OTC employees in the repair centers throughout the entire Potomac Region. CWA seeks Verizon's immediate compliance with the terms and conditions of the General Agreement and further that all affected employees be made whole regarding any lost wages, benefits and/or employment.

The following data request is made in reference to this grievance:

1. Identify all employees holding the title of Maintenance Administrator by work location who were negatively impacted by the 2009 Declared Surplus.
2. Identify by work location and number of regular full time equivalent positions contractors are performing the work of a MA in the Potomac EVRC's as of November 1, 2009, December 1, 2009, January 1, 2010 and February 1, 2010.

I would like to meet with the company to discuss the grievance. Please contact me with available dates on 301 809-4164.

Sincerely,

Gail Evans  
Administrative Director
