

SUMMARY OF TENTATIVE AGREEMENT
BETWEEN
COMMUNICATIONS WORKERS OF AMERICA
DISTRICT 2-13 AND DISTRICT 1 NJ
AND
VERIZON MID-ATLANTIC

MARCH 2, 2026

CWA District 2-13 Vice President Mike Davis, along with CWA Bargaining Committee Chair Letha Perry, and the CWA Mid-Atlantic Bargaining Committee – Presidents Johnny Brown (Local 2108), Charles “Bubba” Craddock (Local 2201), Jim Gardler (Local 13000), Amy Lafferty (Local 1000), Patrice Mears-Swift (Local 13100), Cindy Neumeyer (Local 13500), Shannon Opfer (Local 2107), and Mike Watson (Local 13101) – are proud to announce that the Communications Workers of America (CWA) and the International Brotherhood of Electrical Workers (IBEW) have reached a tentative agreement with Verizon regarding a four-year extension of our current contract, which is set to expire August 1, 2026. Should this new agreement be ratified, it will remain in effect until August 3, 2030.

This contract extension includes major gains and *no givebacks*:

- Increases wages
- Increases pension band values
- Adds a significant number of new CWA-represented jobs
- Adds work to the bargaining unit
- Continues the Work-at-Home Agreement

It includes up to an additional \$1,000 per year healthcare subsidy for pre-Medicare retirees hired on or after August 3, 2008, by increasing the maximum annual benefit to \$15,440 and reduces the number of Net Credited Service years to reach the maximum subsidy amount from 25 to 20.

The agreement also includes improved opportunities for retirement savings for employees hired on or after October 28, 2012, in the form of an additional annual CPS award of \$3,100.

Over the life of the agreement, the compounded value of the wage increase will be 17.62%, which includes an additional 1% added to the July 2026 wage increase negotiated under the previous contract.

A minimum of 850 new technicians, 140 Sales and Service employees, and 140 Technical Support employees will be hired in the Mid-Atlantic footprint over the life of the Agreement.

Over the past decade since the strike in 2016, our Union has experienced significant changes, and the landscape we are navigating has shifted dramatically. The current federal government has shown that it is not afraid to fire workers who stand up for their rights and is willing to undermine our union contracts. At the same time, the National Labor Relations Board has been weakened, leaving us more vulnerable than ever. On top of all of this, we are grappling with a healthcare affordability crisis that affects people across the nation. Healthcare costs are skyrocketing in every industry, and the situation has only gotten worse as government funding for health care has been slashed and the Affordable Care Act comes under threat. This means that care is becoming more expensive for everyone, regardless of your insurance coverage. In the face of these challenges, we have managed to secure an extension agreement that represents a significant achievement for our members. It includes incremental increases similar to what we have seen in past agreements, along with an economic package designed to help offset the rising costs of healthcare. This is a significant victory for our members, offering them a genuine sense of security for their future in these rapidly evolving technological times.

Summary of the Agreement

1. Duration of Contract Extension

The four-year extension agreement will continue the terms of the current contract (as extended in 2022) in full, unless otherwise noted, until 11:59 p.m., August 3, 2030.

2. Wages and Other Compensation

The Extension Agreement provides wage increases in 2026 over and above what is already in the current agreement, plus annual raises during the 4-year extension. As a result, the base wage will increase by a total of 17.62% in 2026 through 2030 (compounded). Yearly Corporate Profit Sharing payments of at least \$1,200 will add to wage gains.

a. General Wage Increase – The additional increase in 2026, as well as the new increases, are listed below. All are applied to all steps in the basic wage schedules on the dates indicated.

- July 26, 2026: 1% (in addition to 3% already effective July 26, 2026, for a total of 4%)
- July 25, 2027: 3.5%
- July 30, 2028: 3%
- July 29, 2029: 3%
- July 28, 2030: 3%
- Compounded increase: 17.62%

b. Cost of Living Adjustment – A cost-of-living adjustment, effective on July 29, 2029 if applicable, will be made to base wage rates. The adjustment is as follows: one-half of the increase above 3.75% in the CPI-W for the period April 2028 through April 2029, not to exceed 2%. Example: Change in CPI equals 4.25% over the one-year period. $4.25\% - 3.75\% = 0.5\%$ divided by 2 = 0.25% additional increase in wages.

c. Corporate Profit Sharing

- The Company will award Corporate Profit Sharing distributions in each year of the extension, with a minimum distribution of \$1,200 each year. This is an increase of \$500 over previous years' minimum distribution.
- Bargaining unit employees hired on or after October 28, 2012, will receive an additional CPS distribution of \$3,100 in each year of the extension. This additional CPS distribution will be automatically deposited into the 401(K) Savings Plan, unless an advance election is made to instead receive the additional distribution by paycheck.

3. Retirement Security - Pension and 401(k)

- Pension bands will be increased by 1% on September 15 of 2026, 2027, 2028 and 2029.
- The Lump Sum Cash Out provisions of the Pension Plan will be continued.
- The "Additional Temporary Pension Lump Sum Basis" Letter of Agreement, which provides an alternative method to calculate the PBGC lump sum value, will remain in effect during the term of the extension.
- Added 401(k) Savings Plan matching contributions based on student loan payments in accordance with the Secure 2.0 Act.
- The Stock Together program, which provided maximum awards of \$500 for pension eligible employees and \$2,500 for non-pension eligible employees at the Company's discretion, will be discontinued for 2026 and future years. Instead, the minimum CPS distribution has been increased by \$500 for all bargaining unit employees with an additional CPS distribution of \$3,100 for non-pension eligible bargaining unit employees (defaulted into the 401(K) Savings Plan unless otherwise elected).
